

ROKON®

The only true all-terrain vehicle on planet earth

The Rokon is available in three rugged and versatile models; TRAILBREAKER, SCOUT and RANGER. Each features Rokon's sure-footed, two-wheel drive system that gives you the ability to go anywhere. Unyielding power delivery lets you carry and tow enormous loads. All this performance comes in compact vehicles that leave a track lighter than a person's footprint.

The automatic transmission lets you concentrate on the terrain, not shifting. A choice of three speed ranges gives you awesome power at slow speeds. Simple and easy operation means safe, stable control in all types of terrain.

Front and rear racks offer sturdy storage space for your equipment. A tow bar turns back breaking jobs into simple tasks. A rear seat lets you to carry a passenger.

For more than 50 years Rokons have been used to transport riders and equipment over hostile terrain to remote locations. Rokon takes pride in manufacturing a rugged and versatile vehicle. Long-life construction and low maintenance guarantees that your Rokon will last for many years to come.

TRAIL-BREAKER®

RANGER®

SCOUT™

Power Take Off Kit

Power Take Off Kit operates pumps and generators in the field.

Windshield

Windshield protects against oncoming elements.

Log Skidder

Log Skidder hauls logs up to 20" in diameter.

Tow Bar Kit

Soft or hard mount.

Aluminium Drum Wheel

Sealed aluminium wheel housings available in 12" or 15" diameters. Allows for floatation or for storage of fuel or water.

Universal Holder

Universal Holder allows you to mount a GPS, Cell or Satellite phone and adjust for a variety of angles.

Tire Chains

Tire chains facilitate easy travel in snow or on ice.

Tach/Hourmeter

Keep track of rpms and engine service intervals.

Wheel Free Carrier

Wheel Free carrier transports the Rokon using a 2" receiver hitch.

ACT Radial Tire

Aggressive tread for Soft Sand, Snow and Mud. Size: 8.0 x 12 x 25

Side Car

Side car attaches with just one bolt and weighs only 70 lbs.

Brush Busters

Brush Busters protect hands and brake levers.

Game Carrier/Gun Boot

For hunters, a game carrier replaces the rear seat. A full gun boot is available.

Trail Maintenance Kit

Kit includes survival items packed into a leather pouch engraved with the Rokon name.

Trailer

Rugged trailer tows heavy loads. It features a tilt box and removable tailgate.

Auto-Grab

A new Rokon option, front suspension to cushion the ride.

ROKON Sport Caps

Available in Camo or Red with embroidered ROKON logo.

TRAIL-BREAKER[®]

Specifications & Performance Data

Drive System	Full time, front and rear wheel drive
Engine	Kohler, single cylinder, four stroke, fan cooled
Piston Displacement	172cc
Power Output	6.6 HP at 4,000 RPM
Power Transmission	Automatic torque converter into a three gear range selector
Speed Range	1st gear 0-10 MPH (16 kph) 2nd gear 0-22 MPH (35 kph) 3rd gear 0-40 MPH (64 kph)
Power Take Off	6.6 HP (est.), speed proportional to throttle setting
Fuel Tank Capacity	2.69 US gal (10.0 L)
Fuel	Regular unleaded gas
Fuel Consumption	0.45 gal/hr (1.7L per hour)
Brakes	Disc type, front and rear, dual handlebar mounted controls
Starter	Automatic recoil, Optional Electric Start
Ignition	Electronic magneto
Electrical	12 volt with 90 watt alternator
Exhaust	Muffler and US Forestry approved spark arrestor
Carburetor	Fixed main jet carburetor
Air Filter	Dry type, with foam secondary stage
Grade Capability	60 percent
Weight	208 lbs. (94.3 kg) dry weight
Warranty	12 month Limited Warranty

Dimensions

Wheels	15" aluminum drums (12" optional, overall ground clearance reduced by 1")
Tires	5.90 x 15 or 8.0 x 12 tubeless
Wheel Base	51 inches (129.5 cm)
Ground Clearance	15 inches (38.1 cm)
Height Over Seat	30 inches (76.2 cm)
Height Over Handlebar	42 inches (106.7 cm)
Width	31 inches (78.7 cm)
Length	79 inches (200.7 cm)
Fordable Water Depth	24 inches (61 cm)

RANGER

Specifications & Performance Data

Drive System	Full time, front and rear wheel drive
Engine	Honda, single cylinder, four stroke, fan cooled
Piston Displacement	160cc
Power Output	5.5 HP at 3,900 RPM
Power Transmission	Automatic torque converter into a three gear range selector
Speed Range	1st gear 0-10 MPH (16 kph) 2nd gear 0-20 MPH (32 kph) 3rd gear 0-30 MPH (48 kph)
Power Take Off	5.5 HP (est.), speed proportional to throttle setting
Fuel Tank Capacity	2.69 US gal (10.0 L)
Fuel	Regular unleaded gas
Fuel Consumption	0.36 gal/hr (310 g/Kwh, 230 g/Hh)
Brakes	Disc type, front and rear, dual handlebar hydraulic mounted controls
Starter	Automatic recoil, Optional Electric Start
Ignition	Electronic magneto
Electrical	12 volt with 90 watt charging system
Exhaust	Muffler and US Forestry approved spark arrestor
Carburetor	Fixed main jet carburetor
Air Filter	Dry type, with foam secondary stage
Grade Capability	60 percent
Weight	228 lbs. (103.4 kg) dry weight
Warranty	12 month Limited Warranty

Dimensions

Wheels	12 inch steel spoke (optional 15" spoke wheel)
Tires	8.0 x 12 tubeless
Wheel Base	51 inches (129.5 cm)
Ground Clearance	14 inches (36 cm), 15" with 15" spoke wheel
Height Over Seat	31 inches (79 cm) 32" with 15" spoke wheel
Height Over Handlebar	41 inches (104 cm) 42" with 15" spoke wheel
Width	29 inches (74 cm)
Length	77 inches (196 cm)
Fordable Water Depth	23 inches (58 cm) or 24" with 15" spoke wheel
